PRESIDENT'S STATEMENT

Muncie Delaware Clean and Beautiful invites you to celebrate some bright moments from 2020 as we use the week of March 15th-19th to mark our annual recognition event. This year's theme is "Spring Cleaning" and as we emerge from the pandemic, we offer some tips on how to make a fresh start.

We are also pleased to recognize our 2020 Oscar winners! These phenomenal community members have demonstrated a deep commitment to keeping Muncie Clean and Beautiful! Learn more as each winner is featured on our social media platforms.

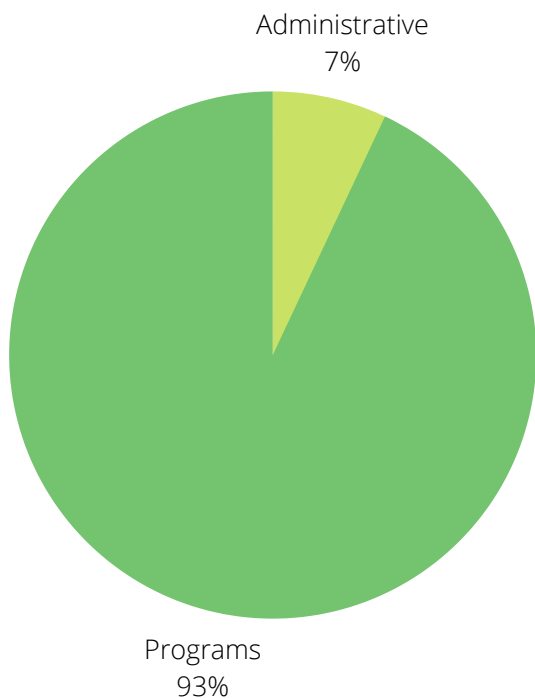

Even with a challenging year, in 2020, Muncie Delaware Clean and Beautiful remained active. We conducted gateway cleanups with our partner Clear Water Car Wash. We supported neighborhood clean-ups, partnered with Ivy Tech on their Tidy Up Tuesdays downtown, provided supplies for the Riverside/Normal city cleanup and tree planting event and facilitated other small volunteer group beautification activities. We greatly appreciate everyone who committed to doing small scale White River Clean-up events once the larger event was cancelled due to COVID. Thank you to everyone for remaining engaged in these challenging times. You made a difference!

We are hopeful that 2021 will provide safe opportunities for us all to gather once again!
