

Muncie-Delaware **Clean & Beautiful**

**ANNUAL REPORT
FOR 2019**

PRESIDENT'S STATEMENT

You may be wondering why we are presenting 2019 at this time. Indeed, COVID plays a role. Our annual meeting to celebrate 2019 was scheduled for March 18th, 2020. The state went into quarantine March 13th ending our plans. We regrouped with the expectation that we would surely be able to showcase this information at the White River Clean-up in September. As cases spiked, that event turned into a virtual celebration that brings us to this digital space. We remain pleased to present the 2019 accomplishments and look forward to sharing the 2020 annual highlights at our March annual meeting, which we anticipate will be virtual.

In 2019, Muncie Delaware Clean and Beautiful conducted gateway cleanups as a part of the United Way Day of Action, co-hosted the Annual White River Cleanup, partnered with Ivy Tech to start up Tidy Up Tuesdays downtown, provided supplies to Indiana Academy students for a Village Cleanup, partnered with BSU Student Government for a Riverside/Normal city cleanup, provided supplies to neighborhood associations in May for the MSD neighborhood cleanups, and facilitated other small volunteer group beautification activities.

MELINDA MESSINEO

Board President
