*Clean and Beautiful loves to support grassroots events! If you want to host an event in an area of town or your neighborhood, let us know! We'll help promote, as necessary, and provide supplies for your group!*

## A Letter from Our President

Dear Members, Volunteers, & Community Partners:

I find it hard to believe it has been a full year of serving Muncie-Delaware Clean and Beautiful as President! It has gone by so fast, but when I begin to take inventory of the things MDCB has accomplished with our programs in 2015, I am filled with pride and a sense of true achievement. Pride in what we do to support the community and pride in the support we get from the community to make these great things happen.

That last sentence is really what it is all about too: supporting each other to magnify our efforts.

As we closed on the year of 2015, the board began to look forward. We asked ourselves questions. How can we make the most impact as an organization with our available resources? How do we build on already successful programs?

Some important things came out of that discussion. Items that will shape our strategic planning in early 2016 and moving forward as an organization over the next few years:

- Identify measurable goals & tasks to more fully understand the impacts our programs are making and how they can improve
- Create and fund an endowment to support some of the organization's efforts
- Use the very successful White River Clean-up model to carry out a spring event focused on beautification
- As a board and an organization begin to mirror the diversity in our community with our members and our program impacts

So I ask, please consider how you might support us in making the above happen as we consider the same.

Dustin Stillinger  
MDCB President
